## **Soundline gigbags take care of protecting your instrument, so you can focus on your playing.**

Soundline bags combine reliable and effective protection for your instrument with the highest level of comfort.

The high quality materials and workmanship make Soundline the first choice as a bag for your instrument.

Vibrations are absorbed by a breathable, strong inner lining, while the robust, water-repellent outer shell reliably protects your instrument.

- YKK zippers: waterproof, in different sizes depending on the bag.
- Highly durable, reinforced stress points on the backpack set.
- Additional carrying handle.
- Numerous storage compartments for sheet music and accessories.
- Reflective stripes, visible up to 200 m.
- Non-slip rubber pads on the bottom.
- Breathable lining.
- Made in Europe.
